

PRESS RELEASE

RETELIT INVOLVED IN ITALIAN INFRASTRUCTURE DAY 2017

Milan, September 7, 2017 – **Retelit S.p.A.** (MTA: LIT.MI) is today at Borsa Italiana's headquarters at the "Palazzo Mezzanotte" for Italian Infrastructure Day 2017, part of Italian Equity Week organized by Borsa Italiana with the support of Confindustria, Altagamma and the Italian Fashion Sector Chamber of Commerce.

More than 180 investors from across the globe (Europe, USA, Australia, Asia), over 200 listed companies, of which 20 from the infrastructure segment, and institutions such as Cassa Depositi e Prestiti are meeting to explore and discuss their objectives and strategies.

Retelit, which for over 20 years has played a crucial role in the network infrastructure sector, will hold one-to-one meetings with the Italian and international financial community. Thanks also to recent infrastructural investment in Italy, connecting new industrial areas to fiber, and internationally with network expansion in Europe and globally, Retelit is increasingly drawing interest from the investment community.

The Chief Executive Officer Federico Protto, the CFO Fabio Bortolotti and the IR Advisor Vincenza Colucci of CDR Communication will participate at the event.

With Equity Week, for the first time Borsa Italiana organizes three days of events dedicated to the main sectors driving the Italian economy: lifestyle, industry and infrastructure. Over the three days, the participating companies (both listed and non-listed) will be involved in strategic sector briefings, an IPO Forum and one-to-one and one-to-many meetings with leading Italian and international investors.

Retelit Group

Retelit is a major Italian provider of data and infrastructure services to the telecommunications market and has been listed on the Milan Stock Exchange since 2000, joining the STAR segment on September 26, 2016. The company's fiber optic infrastructure at March 31, 2017 covers approx. 10,000 kilometers (equivalent to approx. 220,000 km of fiber-optic cables, of which 64,000 located in MAN), connecting 9 Urban Networks and 15 Data Centers across Italy. It has over 3,150 On-Net sites, of which 2,012 customer sites, 639 telecommunication towers, 447 cabinets and 40 Data Centers, the Retelit network also extends beyond Italy: thanks to the partnership with BICS it has access to the largest European PoP's, including Frankfurt, London, Amsterdam and Paris. Retelit is member of AAE-1 (Africa-Asia-Europe-1), the submarine cable system connecting Europe to Asia through the Middle East, reaching 19 Countries, from Marseille to Hong Kong, owning a landing station in Bari. These valuable assets make Retelit a perfect technological partner for TLC and ICT operators and businesses, providing on demand a complete range of high-quality, reliable and safe solutions. Services range from ultra-broadband fiber optic internet connection to the Cloud and network and VPN services to colocation solutions, with approx. 10,400 square meters of equipped and secure fiber optic connected spaces, for the outsourcing of Data Center services and the satisfaction of disaster recovery and business continuity needs. Retelit's Carrier Ethernet services are in addition Metro Ethernet Forum (MEF) certified.
